

Have You Ever Taken a Pill For Pain?

Concerned about side effects or limits to your performance and quality of life?

The Pain Problem

- **Knee joints are our natural "shock absorbers"** that take abuse which can limit performance. Many rely on medication which frequently has significant risks and dangers.
- **You're not alone;** 60 Million persons 20-60+ have knee pain that limits their performance and quality of life.
- They spend an average of **\$300 out of pocket per year** on solutions that may be ineffective and pose health risks. This is **in addition** to prescriptions covered by insurance.
